

# Disposable Breathers

## Nondesiccant Breathers - DoublePlay™ and TriplePlay™

### *nondesiccant filters*

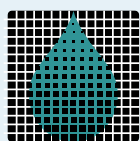

- Creates an impenetrable barrier against water droplets
- Pleated element provides a large surface area and is 99.5% efficient in blocking particles 1 $\mu$  and larger
- Coalesces oil mist, preventing contamination of working environment (TriplePlay only)
- Visual vacuum indicator option actuates before maximum restriction is reached
- Rugged ABS plastic housing
- Easy installation requires hand tighten only

| Model Number                                  | DC-SB-25                                    | DC-SB-35                                    |
|---|---|---|
| Unit Height                                   | 5" / 12.7 cm                                | 5" / 12.7 cm                                |
| Unit Diameter                                 | 5" / 12.7 cm                                | 5" / 12.7 cm                                |
| Filtration Area                               | 180 in. <sup>2</sup> / 1161 cm <sup>2</sup> | 180 in. <sup>2</sup> / 1161 cm <sup>2</sup> |
| Amount of Silica gel (lbs./kg)                | n/a   | n/a   |
| Adsorption Capacity (fl.oz/ L)                | n/a   | n/a   |
| Max. Flow Rate (cfm)                          | 40 @ 1 PSID                                 | 40 @ 1 PSID                                 |
| Filtration ( $\mu$ absolute)                  | 1   | 1   |
| Op. Temp. Range ( $^{\circ}$ F/ $^{\circ}$ C) | -20/-28.9 to 200/93.3                       | -20/-28.9 to 200/93.3                       |
