## FLUID ANALYSIS

### WHY USE FLUID ANALYSIS

Running a profitable fleet presents tough challenges. New engine designs, EPA regulations and maintaining the competitive edge increases the need for top-level maintenance practices. Oil analysis gives you a window inside your equipment to identify and resolve mechanical issues at an early stage.

### WHY YOU NEED IT

- Detect failures at an early stage
- Plan and schedule your mechanical repairs
- Protect your warranty
- Improve your fleet availability
- Optimize the life of your equipment
- Protect the investment of your Tier 4 engines
- Prolong the life of your drivetrain components
- Optimize your oil drain intervals
- Ensure quality and cleanliness of diesel fuel
- Maintain cooling system efficiency
- Strengthen your equipment resale value

### WHY CHOOSE FLUID LIFE

We're a company that's All Ways Reliable. As a leading provider of lubrication analysis and asset management solutions, Fluid Life uses its best-in-class software, training, tools and programs to help keep your equipment running at peak performance. From analysis and evaluation to planning and strategy, Fluid Life has the expertise to help you achieve a higher level of reliability.
